Good Will Hunting

Skylar
Are you awake?

Will
No

Skylar
Yes you are. Will, come to California with me.

Will
What

Skylar
I want you to come to California with me.

Will
You sure about that

Skylar
Oh yeah

Will
Yeah but how do you know

Skylar
I don't know. I just know.

Will
Yeah but how do you know

Skylar
I know because I feel it.

Will
Because thats a really serious thing to say

Skylar
I know.

Will
And...and we could be in California next week you know and you might find out something about me you don't like and you know and maybe you wish you hadn't said that but you know its such a serious thing that you can't take it back

and now I'm stuck in California with someone who doesn't really want to be with me and just wishes they had a take back

Skylar

A what? What's a take back? I don't want a take back, I just want you to come to California with me.

Will

I can't go to California with you, so

Skylar

Why not?

Will

Well one because I've got a job here and two because I live here

Skylar

Look, um if you don't love me you should just tell me because...

Will

I'm not saying that I don't love you

Skylar

Then why? Why won't you come? What are you so scared of?

Will

What am I so scared of

Skylar

Well what aren't you scared of? You live in this safe little world where no one challenges you and you're scared shitless to do anything else because of this little bubble of safety you've built for yourself

Will

Don't tell me about my world. Don't tell me about my world. I mean you just want to have your little fling with the guy from the other side of town and then your going to go off to Stanford and you're going to marry some rich prick who your parents will approve of and just sit around with the other trust fund babies and talk about how you went slumming too once

Skylar

Why are you saying this? What is your obsession with this money? My father died when I was thirteen and I inherited this money. You think every day I wake up and I wish that I could give it back, that I would give it back in a second, if it

meant that I could have one more day with him. But I can't. And that's my life and I deal with it. So don't put your shit on me when you're the one that's afraid.

Will

I'm afraid, well what am I afraid of? What the fuck am I afraid of

Skylar

You're afraid of me, you're afraid that I won't love you back. You know what? I'm afraid too. But fuck it, I want to give it a shot, and at least I'm honest with you.

Will

I'm not honest with you?

Skylar

Well what about your 12 brothers? No you're not going, you're not leaving.

Will

What do you want to know? What? That I don't have 12 brothers? That I'm a fucking orphan? No you don't want to hear that

Skylar

I didn't know that. I didn't know that.

Will

No, you don't want to hear that, no you don't want to hear that. You don't want to hear that I got fucking cigarettes put out on me when I was a little kid

Skylar

I didn't know that.

Will

That this isn't fucking surgery, that the motherfucker stabbed me. You don't want to hear that shit Skylar

Skylar

I do want to hear that.

Will

Don't tell me you want to hear that shit

Skylar

I want to hear it because I want to help you because...

Will

...help me? What the fuck what do I got a fucking sign on my back that says save me?

Skylar
No.

Will
Do I look like I need that

Skylar
No. God, I just want to be with you because I love you. I love you.

Will
Don't bullshit me, don't bullshit me, don't you fucking bullshit me

Skylar
I love you. I want to hear you say that you don't love me. Because if you say that, then I won't call you and I won't be in your life.

Will
I don't love you
